NEEDS ASSESSMENT DATA

Provide the link to your school's most recent School Report Card:

[2017 BSMS School Report Card](#)

[2018 BSMS School Report Card](#)

[2019 BSMS School Report Card](#)

[2020 BSMS School Report Card](#) – incomplete due to COVID-19.

Directions: Provide additional school's needs assessment data including both formative and summative assessments used to gauge student learning. (Charts, graphs, or other formats of data may be used.)

Student Achievement Data:

- [2017-2018 – EVASS Growth](#)
- [2017-18 SCReady - 6th Grade ELA](#)
- [2017-18 SCReady - 7th Grade ELA](#)
- [2017-18 SCReady - 8th Grade ELA](#)
- [2017-18 SCReady - 6th Grade Math](#)
- [2017-18 SCReady - 7th Grade Math](#)
- [2017-18 SCReady - 8th Grade Math](#)
- [2017-18 SCPASS - 6th Grade Science](#)
- [2017-18 SCPASS - 8th Grade Science](#)
- [2017-18 SCPASS - 7th Grade Social Studies](#)
- [2017-18 BSMS EOC Scores](#)

- [2018-19 BSMS EOC Scores](#)
- [2018-19 BSMS SCReady, SCPASS](#)

School Climate Data:

- [2018 SCDE BSMS Teacher Survey](#)
- [2018 SCDE BSMS Parent Survey](#)
- [2018 SCDE BSMS Student Survey](#)
- [2018 SCDE BSMS Student Engagement Survey](#)

- [2019 SCDE BSMS Teacher Survey](#)
- [2019 SCDE BSMS Parent Survey](#)
- [2019 SCDE BSMS Student Survey](#)

Gifted and Talented Data:

- 23.7% of our students were served by the gifted and talented program. This is up from 20.7% the previous year.

EXECUTIVE SUMMARY OF NEEDS ASSESSMENT DATA FINDINGS

Per SBE Regulation 43-261, the annual needs assessment will provide focus for planning teams to set priorities for the plan. The comprehensive needs assessment must identify targeted areas of discrepancy between the desired performance levels and the current status as indicated by available data. Any discrepancies in the following areas identified by the school and district report cards must be included in the plan: (1) achievement, (2) achievement by subgroups, (3) graduation rates, (4) attendance, (5) discipline, (6) teacher/administrator quality and professional growth, and (7) other priority areas.

Measurable performance goals, written in five-year increments, shall be developed to address the major areas of discrepancy found in the needs assessment in key areas reported in the district and school report cards.

State Report Card for districts and schools data: <http://ed.sc.gov/data/report-cards/state-report-cards/>

Directions: In the appropriate boxes, use school data to identify areas in need of improvement. Required areas to be addressed: Student Achievement, Teacher/Administrator Quality, and School Climate.

Student Achievement, including sub-groups
<i>Early Childhood/Primary (PK–2):</i>
<i>Elementary/Middle (3–8):</i> <ul style="list-style-type: none">• Due to COVID-19, there was no data to report from the 2020 Report Cards. 100% of 8th grade students had an Individual Graduation Plan.• From the 2019 Report Card, BSMS received an overall Good Rating. BSMS scored higher than the state average in math, reading, and science on the SCReady and SCPASS tests.• Achievement and growth in ELA and Math counts 70% on the new ESSA School Report Card at the middle school level. BSMS scored higher than the state average in ELA. We will continue to focus on differentiation of the content standards for all learners using Guided Reading instruction coupled with vetted digital tools and adaptive software to further differentiate and personalize the learning.• BSMS scored higher the state average in math. 8th grade math has scored significantly higher than they had for the last two years. We are continuing to share best practices from areas in which there is high achievement.• Achievement in SCPASS Science and Social Studies counts 10% on the new ESSA School Report Card. BSMS scored higher than the 22.7% of state averages in Science.• Based on the data and the fact that we are learning how to infuse the Design in Five assessment process and the high impact strategies into our TLT process, there is a need to reorganize our curriculum guides to include these processes in order to establish a more effective guaranteed and viable curriculum for all subjects as well as common unit and benchmark assessments to drive CFAs.• The English Language Proficiency indicator counts 10% on the ESSA School Report Card: thus there is a need to track individual ELL student progress toward meeting proficiency. BSMS scored less than the district and state averages. However, we almost doubled our score from the previous year.
<i>High School (9–12):</i>
Teacher/Administrator Quality

- After reviewing teacher recruitment and retention data from CERRA and discussions with our Director of Personnel regarding filling vacant positions, there is a need to continue to focus on efforts to more effectively recruit and retain effective teachers.
- After reviewing the data from several school TLT teams who have experienced increased student achievement, there is a need to continue to support the TLT process across the district.

School Climate

- Due to COVID-19, we did not give the AdvancED Student Engagement Surveys.
- School Quality as measured on the AdvancED Student Engagement Survey counts 10% at the middle school level.
- 59.0% of students scored committed on the student engagement survey. This is an area that we will track and improve in. This is an increase from 57.8% the previous year.

Other (such as district and/or school priorities)
